Sponsor-Led Session

Event sponsors receive the opportunity to submit one sponsor-led session. This is an exclusive opportunity to showcase your products/services as one of the concurrent sessions from which participants may choose. We are particularly interested in sessions in which you share the solution your organization/company crafted and implemented to solve a technology issue. Your session is more likely to be selected if your content is focused, in-depth, and offers practical solutions, ideas, strategies, and/or techniques.

If you are interested in a sponsor-led session, please select yes during the registration process and a link will be emailed to you, once your sponsorship is confirmed.

Give Away

During Tech Talk Live, we like to give an incentive for our participants to visit sponsor booths. We typically do a contest to help increase traffic, while giving participants a fun game to play. (Note: In order to comply with E-Rate rules. The donated gift from the vendor will be given to Tech Talk Live and winners will not know from whom the gift came specifically. Instead, all sponsors who donate prizes will be highlighted in the conference book, app, and announcements.)

Add-on

Lead Retrieval – \$200

Lead Retrieval will be coordinated through our App and you will receive additional information before the event. Sponsors are also welcome to collect business cards and or information at their designated booth or session. We will not provide an attendee list with email addresses to sponsors. However, we will have a few games and promotions to generate additional traffic to all booths so you may collect that information. In the event that you purchase lead scanning and lead scanning is not available, an attendee list will be sent in its place.

If you purchase lead retrieval, more information will be sent closer to the event.
